# Our Padlet topic - task

- You have to search the web and find links, photos, information about the questions you have to answer at your padlet wall.
- You can copy and paste links
- You can save photos at your computer and upload them
- You can choose any information you think it is useful from any source and post it
- Everyone can see your posts and you can see others posts

# Kahoot

Kahoot! is a game-based learning platform that makes it easy to create, share and play learning games or trivia quizzes in minutes. Unleash the fun in classrooms, offices and living rooms!

Kahoots are best played in a group setting. To join a game, you need a unique PIN. If you're the game host, you need a big screen. Players answer on their own devices, while questions are displayed on a shared screen. In addition to live games, you can also send kahoot challenges that players complete at their own pace – for example, for homework or remote training.

# Lets Play with Kahoot

- Previously you 've learned some useful things for Greece, searching the web and posting to Padlet.
- Lets see now what you 've learned and what you remember.
